September 18, 1981

William J. Casey, Director
Central Intelligence Agency
Washington, D.C. 20505

Dear Bill:

Here is a memo that our people have prepared, which in my view raises serious questions about the transaction. I think that the logical step is to check with the experts at State, particularly given their thorough familiarity with the laws governing this area.

Sincerely,

Bill

William French Smith
Attorney General
